VIRTUAL ULTIMATUM IS HANDED TO GERMANY

4 ALLIES AGREE ON EVACUATION OF RUHR BASIN

PLAN OFFRANCO-BELGIAN WITH-
DRAWAL WITHIN YEAR
SANCTIONED

GERMANS GIVEN TO 3 P. M. TO-
DAY TO REPLY TO THE
AGREEMENT

(By United Press)
London, Aug. 14.—What amounts to a virtual ultimatum was handed to Germany today when representatives of Great Britain, the United States and Italy joined hands with Premier Herriot of France on the plan for Franco-Belgian military evacuation of the Ruhr within a year. The decision was handed to the Germans with the demand that they reply to the agreement by 3 p. m. today.

The Germans are awaiting an answer from Berlin before replying. They are resentful of the ultimatum character of the proposal, one member of the delegation indicated.

HUGHES IN VERY HOPEFUL ATTITUDE

New York, Aug. 14.—Secretary of State Hughes returned to the United States today in jaunty spirits and "very hopeful and optimistic" regarding the outcome of the London conference on the Dawes reparations plan.

Arriving here on the steamer President Harding with Mrs. Hughes the secretary of state entrained immediately for Washington in order to be present at President Coolidge's notification speech tonight, Hughes was away a month and one day, during which time he attended the meeting in London of the American Bar association and also visited Paris, Brussels and Berlin, in the interest of the European settlement.

Hughes took occasion to emphatically deny charges in Moscow that he went to Europe to work against agreements between the Soviets and European powers, declaring "I did not discuss European affairs at all in Europe."

FINAL DECISION IS UNCERTAIN

London, Aug. 14.—A final decision on the date of the Franco-Belgian evacuation of the Ruhr swung backward and forward in the allied conference on the Dawes report today—now the subject of bitter verbal exchanges between the French and Germans.

After the Allies had decided to support Mr. Herriot's terms—out of the Ruhr within a year—there was one conference after another between different groups during the day. At seven o'clock this evening the Germans had received at Downing Street what was discussed as somewhat better terms and had left for another conference at the Ritz. If they reject the latest allied offer Herr Luther, one of the German representatives will leave for Berlin tomorrow morning to confer with the party leaders there.

THREE DIE EACH DAY IN RUHR

(By United Press)
Berlin, (By mail).—The frequency of accidents in the Ruhr mining district is increasing, the miners union stated in a petition to the local authorities. The increase is due to the disobedience of governmental regulations for the avoidance of accidents by the owners, the union claims. This negligence has made that the number of accidents has been quadrupled during the past eight months so that at present the average number of accidents is 150 per day, with approximately 2 per cent fatal. Since the termination of the passive resistance at least 30,000 accidents occurred in the Ruhr alone.

BARK OF DOG LEADS SEARCHERS TO FIND BODY

(By United Press)
Fairbault, Minn., Aug. 14.—The bark of a dog today led searchers to the bank of Heath's creek where the body of two-year-old Roger Ebling was found. Cecil Ebling, father of the boy, led an all-night search for the lad, who disappeared late yesterday afternoon from their farm four miles west of Northfield. He said the boy had not been gone 20 minutes before he was missed. After long hours of search the dog attracted attention and the body was found. On the bank a corncob was found and thought to be a clue. They dragged the creek, and from its bed pulled the body of the little boy.

Swollen by recent rains the creek was several feet deep. The dog evidently had trailed the boy to the water's edge and sensed tragedy.

CAMPAIGN ON INTO FULL SPEED AHEAD TONIGHT

PRES. COOLIDGE TO BE FORMAL-
LY NOTIFIED OF HIS
NOMINATION

WILL RESPOND WITH HIS
SPEECH OF AC-
CEPTANCE

(By United Press)
Washington, Aug. 14.—All issues will be joined and the campaign swung into "full speed ahead" tonight when President Coolidge is formally notified of his nomination by the Republican party and responds with his speech of acceptance.

The president spent several hours a day for three weeks carefully preparing his address and it is expected to deal with every question that may be raised. It is his desire to leave no doubt in the minds of the voters where he stands on any subject.

The notification ceremonies will be held in Memorial Continental hall, the scene of the Washington disarmament conference.

Chairman Butler of the national Republican committee will open the meeting, introducing former Representative Mondell who was permanent chairman of the Cleveland convention.

Mondell, acting as chairman of the notification committee, composed of representatives from each of the states and territories, will make a brief speech informing the president of the convention's action.

Mr. Coolidge will then deliver his speech of acceptance.

Radio will carry the president's speech to an estimated audience of 25,000,000 persons through 15 broadcasting stations. He will go on the air about 8:30 eastern standard time.

GILBERT & SULLIVAN AND HENRY FORD

(By United Press)
Slaters, O., Aug. 14.—Henry Ford has selected a few lines from light opera to instruct his railroad employees in chasing dirt. The new watering station on the Detroit, Toledo and Ironton is the most beautiful building in this little village of less than 100 persons and apparently Henry Ford intends to keep it that way.

A landscape gardener has carefully graded and plotted the lawn. Framed in a conspicuous place inside the building are these lines from "Pinafore":

"When I was a lad, I served a term As office boy to an attorney's firm; I washed the windows, I scrubbed the floor, I polished up the handle of the big front door."

FATE OF KID McCOY RESTS WITH SISTER

PUGILIST CHARGED WITH DEATH
OF MRS. THERESA
MORS

ALSO CHARGED WITH WOUNDING
3 PERSONS IN WOMAN'S
SHOP

By HAROLD J. SWISHER
(By United Press)
Los Angeles, Aug. 14.—Upon the questioning of his sister may rest the fate of Norman Selby, better known in sporting circles as "Kid McCoy," under arrest for the death yesterday of Mrs. Theresa Mors, beautiful and wealthy antique dealer.

Besides a suspicion of a murder charge, the former welterweight champion of the world is charged with wounding three persons in Mrs. Mors' shop here, where he went on a shooting rampage that led to his arrest before police had learned of the death of the wealthy shop owner.

In this mystery has ended McCoy's tenth marital plan. He was Mrs. Mors' protector, had lived at her apartment, and according to his own words planned to marry her. He had been married nine times before—three times to one woman—and had nine times divorced.

McCoy first denied killing Mrs. Mors. The murder took place in her apartment, where the two had been living together as man and wife following Mrs. Mors' recent divorce from her husband.

However, a note delivered anonymously to Captain of Detectives Herman Cline said that the pugilist had visited the home of his sister early yesterday morning and had told her he had "shot the only woman I ever loved."

District Attorney Asa Keyes has summoned McCoy's sister, Mrs. Jennie Thompson, to appear at his office today and hopes through questioning her to obtain evidence in the murder of the wealthy shopkeeper.

Through long hours of grilling last night McCoy stuck to his story that Mrs. Mors had committed suicide.

"I wouldn't have killed her," "I loved her. She is the only woman I ever really loved. Why would I have killed her?"

First knowledge of Mrs. Mors' death was obtained by police when the former pugilist emerged from the woman's antique shop with a revolver in his hand after going on a shooting rampage and wounded three occupants of the shop.

According to the story told by McCoy's victims the shop had just opened for the day when the fighter entered.

William C. Ross, millionaire manufacturer and friend of Mrs. Mors, V. O. Emden, and Samuel Stern, were the persons in the shop.

He walked into the shop, looked around, and then suddenly pulled a revolver from his hip pocket, ordering the men to line up against the wall and remove their clothes. He appeared to be greatly excited, and in a nervous, jerky voice warned the three people he would kill them if they attempted to leave. While the men were undressing McCoy picked up a drinking glass and hurled it at Stern. Six other persons entered the shop in the meantime and the pugilist ordered them to line up along the wall with the others.

McCoy then turned from his victims for a moment and Ross darted toward the door. McCoy shot him and he fell. He shot again several times at the others still standing against the wall, and wounded Mrs. Samuel Schapp, one of the party of six who entered at the noise of the shooting. McCoy's arrest followed a few minutes later when a policeman saw him with a gun still in his hand. Shortly after his arrest police learned of Mrs. Mors' death from her maid, who found her lying on the floor of her apartment with a photo-

STATE MAY EVADE FALL FOREST FIRES

HEAVY RAINFALL DAMPENS
VEGETATION, MAKING IT
HARD TO BURN

(By United Press)
St. Paul, Aug. 14.—Minnesota may escape the scourge of forest fires this fall.

If conditions continue during the next few weeks that have existed through the summer, there will be no huge losses such as have been suffered in previous years, according to Grover M. Conzel, state forester. He reported to Governor Preus today that tourists and settlers have given the forestry department splendid co-operation in observing precautions against starting fires.

In addition there has been much rain during the summer and vegetation is green and heavy and hard to burn.

graph of McCoy clutched in her hand.

Several important episodes which police claim may definitely prove the part of Kid McCoy in the slaying of Mrs. Mors were revealed today.

It was learned that McCoy visited the Hollywood police station at 3 a. m. Wednesday in search of the officer who went to the home of Albert Mors several days ago in answer to the latter's request that an officer be sent to "throw Kid McCoy out of the house."

"Where's Officer Pulsseger?" McCoy asked Desk Sergeant Joseph Page. "Not working tonight," the sergeant replied.

"Lucky for him," Page said McCoy mumbled.

"Why?" asked Page.

"Read the papers tomorrow and find out," McCoy snapped out as he left the station.

**INSANITY TO BE
McCOY'S DEFENSE**

Los Angeles, Aug. 14.—Insanity will be the defense of Norman Selby, Kid McCoy, if he is formally charged with the murder of Mrs. Theresa Mors, it was announced today by R. D. Knickerbocker, the Kid's attorney.

Knickerbocker said that two weeks ago business associates of McCoy discussed the advisability of swearing out an insanity complaint against the former pugilist.

Albert A. Mors, the slain woman's former husband, appeared at the office of District Attorney Keyes at noon.

"Do you remember what I told you last Friday or Saturday?" he asked.

The prosecutor nodded.

Keyes and Mors then went into conference, only detectives and stenographers being admitted with them. Keyes declared that important developments will result from the conference. Mors was released on bond a few days ago after his wife swore to a warrant charging he threatened to kill her. He is scheduled to appear in Justice Ballard's court tomorrow in answer to the charge. After Mors' story has been heard the prosecutor said he would examine Mrs. Jennie Thompson, a sister of McCoy, who is quoted by police as saying her brother appeared at her home early Wednesday and admitted that he killed Mrs. Mors. McCoy himself will then be brought from the city jail for the conference.

NEXT THRILL IS DARROW SPEECH, A DAY LONG

DEFENSE ATTORNEY IN LEOPOLD
AND LOEB CASE SAYS IT WILL
CONTAIN 40,000 WORDS

STATE'S ATTORNEY CROWE TO
ALSO UNLEASH CATARACT
OF ORATORY

(By United Press)
Criminal Courtroom, Chicago, Aug. 14.—The next big thrill in the famous Leopold-Loeb murder case will come some time next week when Clarence Darrow, chief defense attorney, and brilliant orator, makes his argument in behalf of Nathan F. Leopold, Jr., and Richard Loeb, slayers of Robert Franks.

Darrow told the United Press today he is now engaged on what he believes will be the greatest speech of his long career. He expects to take up at least one day with his argument against a sentence of the gallows or insane asylum for the two youths. He estimated the length of his speech at 40,000 words.

Indications are that three, perhaps four days will be consumed in arguments by the defense and prosecution.

State's Attorney Crowe who is making a supreme effort to have the youths hanged, is expected to match Darrow's full day of oratory.

To the veritable Niagara of oratory by Darrow and Crowe there will be added the volume of their assistants, Benjamin Bachrach and Walter Bachrach, attorneys assisting Darrow, plan to bring out phases of the case not touched by their leaders.

Three of Crowe's assistants probably will exercise their arguments in behalf of the prosecution.

DEFENSE ATTACKS PATRICK TESTIMONY

Criminal Courtroom, Chicago, Aug. 14.—The defense in the Leopold-Loeb murder hearing today made a strenuous effort to destroy the value of the medical evidence given by Dr. Hugh T. Patrick, star alienist for the state.

Benjamin Bachrach, defense attorney, sought to show that Dr. Patrick had but little opportunity to examine Nathan Leopold and Richard Loeb after their arrest for the murder of Robert Franks and that his examination was superficial and therefore inconclusive.

Dr. Patrick, now in his third day on the stand, struck many blows at the defense medical case, dismissing the entire structure with the statement that there was nothing abnormal about either of the boys.

Bachrach brought out that the doctor's conversations with the boys lasted approximately a half hour.

"When you talked with Leopold, did you consider that as part of your examination?" Bachrach asked.

"Yes, I suppose I did," Dr. Patrick answered. "I don't exactly recall, but I presume that I made more than one call for the purpose of finding out his mental condition. I am not sure that I looked on them in the light of study at that time, but at least it was a sort of preliminary to my actual examination."

Bachrach then sought to show that the surroundings in the state attorney's office where the conversations were held were not adaptable to a comprehensive study of the boys. Bachrach brought out that some 15 persons were in the room and that there was much hurrying about.

"Do you consider those surroundings were adaptable to the examination?" Bachrach asked.

"Oh, well, I consider that they were adaptable to bringing out certain qualities such as mental attitude, the ability to hold conversations, the workings of the mind, their intelligence and the powers of memory," the doctor replied.

"Didn't State's Attorney Crowe direct your examination?" Bachrach asked.

"No, he asked me to observe the boys," the witness replied. Before that Bachrach brought out

FIRST BAPTIST CHURCH BOMBED IN NIAGARA FALLS

(By United Press)
Niagara Falls, N. Y., Aug. 14.—The First Baptist church, located in the center of the city, was bombed early today.

Every window in the church was broken out and in the Y. M. C. A. building directly across the street all windows were broken.

Rev. C. K. Mercer, president of the Niagara Council of Churches and leader of vice crusades, is pastor of the church.

Police have no clue as to the identity of the bombers and no motive for the crime except that it was done in revenge for recent raids led by Rev. Mercer.

STORMS RAISE MUCH HAVOC WITH FLIGHT

WEATHER CONDITION BETWEEN
ICELAND AND GREENLAND

IF WEATHER CLEARS FRIDAY,
YANKEE AVIATORS WILL
HOP OFF

(By United Press)
Reykjavik, Iceland, Aug. 14.—Storm conditions along the route between here and Greenland prevented the American round-the-world aviators from taking off today.

The attempt probably will be made Friday provided the weather clears up sufficiently.

Plans had been made ready to take off from here to Angmagalik, Greenland, early today. The two planes were moved out into the harbor late last night and the engines tuned up for the next lap in the homeward bound flight.

Late last night reports from the Danish steamer Gertrude Rask said a heavy fog held over the bay at Angmagalik and that icepacks were again moving near shore. A landing would be dangerous.

Admiral Magruder, who was directing the fliers, then went into conference with the two fliers and it was decided to postpone the flight until Friday. A later report said the fog extends over most of the route between here and Angmagalik.

Chicago, Aug. 14.—A bullet in his temple, his legs tightly bound with hay wire and his hands wired behind his back, Mike Larietichia, 29, owner of a restaurant, was found dead in a back room of his establishment early today.

Two customers who investigated after no one came to serve them discovered the body.

that Crowe was in the room and had asked the boys to tell the story of the crime for the doctor.

"Well, suppose you tell me the story as told by Loeb," Bachrach said.

Dr. Patrick brought out a laugh from the courtroom when he exclaimed in distress, "Oh, gee! Do you want me to tell all I remember?"

The little doctor placed much emphasis on the word "all" and scratched his partly bald head in dismay as Bachrach replied:

"Yes, all."

Dr. Patrick settled himself more comfortably into his chair and started a review of the story, which had already been dinned dozens of times into the ears of Chief Justice John R. Caverly, presiding at the hearing.

Leopold and Loeb are playing an increasingly important part in their defense as the state rebuttal goes on. During Doctor Patrick's recital one or both of the boys were in frequent consultation with their attorneys, checking up on the doctor's story and supplying data of apparently considerable importance as the attorneys made copious notes.

At the conclusion of Dr. Patrick's story he was dismissed from the stand and court recessed.

(By United Press)
Washington, Aug. 14.—Admiral Frederick Billard, commandant of the U. S. coast guard, has temporarily transferred his headquarters to the "Jersey coast" to assume personal charge of guards for the forthcoming offensive against rum runners. It was learned here today.

Headquarters of the service here were maintaining extraordinary secrecy concerning preparations for the drive and refused to divulge Billard's whereabouts.

It is understood that he had been in Philadelphia and intended later to go to Long Island. Conferences with coast guard regional officers to cooperate in the big movement are scheduled.

LIQUOR WAVE AT DANCING PLACES IN WASHINGTON, D. C.

Washington, Aug. 14.—A rising tide of liquor has hit the nation's capital and officials from Commissioner Haynes down are scandalized.

More than 100 drunken persons have been arrested on the streets within the last few days, 15 citizens have been corralled in a rum ring roundup and scores of arrests have been made in fashionable hotel roof garden dancing places.

The rum wave has spread such alarm that police and detectives have been made United States deputies so that they can begin—according to announcement today—a drive to dry up Washington.

Tuxedoed agents with stiff starched shirts and diamond studs haunt the exclusive dancing restaurants nightly and arrest young boys and girls with hip flasks.

Scores have been taken, but most of them were released because of faulty arrest, or they forfeited collateral without going to trial.

Six private apartment homes have been raided. Only a few bootleggers have been taken. One hundred drunks were haled into police court Monday.

Criminal Courtroom, Chicago, Aug. 14.—The next big thrill in the famous Leopold-Loeb murder case will come some time next week when Clarence Darrow, chief defense attorney, and brilliant orator, makes his argument in behalf of Nathan F. Leopold, Jr., and Richard Loeb, slayers of Robert Franks.

Darrow told the United Press today he is now engaged on what he believes will be the greatest speech of his long career. He expects to take up at least one day with his argument against a sentence of the gallows or insane asylum for the two youths. He estimated the length of his speech at 40,000 words.

Indications are that three, perhaps four days will be consumed in arguments by the defense and prosecution.

State's Attorney Crowe who is making a supreme effort to have the youths hanged, is expected to match Darrow's full day of oratory.

To the veritable Niagara of oratory by Darrow and Crowe there will be added the volume of their assistants, Benjamin and Walter Bachrach, attorneys assisting Darrow, plan to bring out phases of the case not touched by their leaders.

Three of Crowe's assistants probably will exercise their arguments in behalf of the prosecution.

DEFENSE ATTACKS PATRICK TESTIMONY

Criminal Courtroom, Chicago, Aug. 14.—The defense in the Leopold-Loeb murder hearing today made a strenuous effort to destroy the value of the medical evidence given by Dr. Hugh T. Patrick, star alienist for the state.

Benjamin Bachrach, defense attorney, sought to show that Dr. Patrick had but little opportunity to examine Nathan Leopold and Richard Loeb after their arrest for the murder of Robert Franks and that his examination was superficial and therefore inconclusive.

Dr. Patrick, now in his third day on the stand, struck many blows at the defense medical case, dismissing the entire structure with the statement that there was nothing abnormal about either of the boys.

Bachrach brought out that the doctor's conversations with the boys lasted approximately a half hour.

"When you talked with Leopold, did you consider that as part of your examination?" Bachrach asked.

"Yes, I suppose I did," Dr. Patrick answered. "I don't exactly recall, but I presume that I made more than one call for the purpose of finding out his mental condition. I am not sure that I looked on them in the light of study at that time, but at least it was a sort of preliminary to my actual examination."

Bachrach then sought to show that the surroundings in the state's attorney's office where the conversations were held were not adaptable to a comprehensive study of the boys. Bachrach brought out that some 15 persons were in the room and that there was much hurrying about.

"Do you consider those surroundings were adaptable to the examination?" Bachrach asked.

"Oh, well, I consider that they were adaptable to bringing out certain qualities such as mental attitude, the ability to hold conversations, the workings of the mind, their intelligence and the powers of memory," the doctor replied.

"Didn't State's Attorney Crowe direct your examination?" Bachrach asked.

"No, he asked me to observe the boys," the witness replied. Before that Bachrach brought out

FIRST BAPTIST CHURCH BOMBED IN NIAGARA FALLS

(By United Press)
Niagara Falls, N. Y., Aug. 14.—The First Baptist church, located in the center of the city, was bombed early today.

Every window in the church was broken out and in the Y. M. C. A. building directly across the street all windows were broken.

Rev. C. K. Mercer, president of the Niagara Council of Churches and leader of vice crusades, is pastor of the church.

Police have no clue as to the identity of the bombers and no motive for the crime except that it was done in revenge for recent raids led by Rev. Mercer.

STORMS RAISE MUCH HAVOC WITH FLIGHT

WEATHER CONDITION BETWEEN
ICELAND AND GREENLAND
ARE ADVERSE

IF WEATHER CLEARS FRIDAY,
YANKEE AVIATORS WILL
HOP OFF

(By United Press)
Reykjavik, Iceland, Aug. 14.—Storm conditions along the route between here and Greenland prevented the American round-the-world aviators from taking off today.

The attempt probably will be made Friday provided the weather clears up sufficiently.

Plans had been made ready to take off from here to Angmagssalik, Greenland, early today. The two planes were moved out into the harbor late last night and the engines tuned up for the next lap in the homeward bound flight.

Late last night reports from the Danish steamer Gertrude Rask said a heavy fog held over the bay at Angmagssalik and that icepacks were again moving near shore. A landing would be dangerous.

Admiral Magruder, who was directing the fliers, then went into conference with the two fliers and it was decided to postpone the flight until Friday. A later report said the fog extends over most of the route between here and Angmagssalik.

Chicago, Aug. 14.—A bullet in his temple, his legs tightly bound with hay wire and his hands wired behind his back, Mike Larichia, 29, owner of a restaurant, was found dead in a back room of his establishment early today.

Two customers who investigated after no one came to serve them discovered the body.

that Crowe was in the room and had asked the boys to tell the story of the crime for the doctor.

"Well, suppose you tell me the story as told by Loeb," Bachrach said.

Dr. Patrick brought out a laugh from the courtroom when he exclaimed in distress, "Oh, gee! Do you want me to tell all I remember?"

The little doctor placed much emphasis on the word "all" and scratched his partly bald head in disarray as Bachrach replied:

"Yes, all."

Dr. Patrick settled himself more comfortably into his chair and started a review of the story, which had already been dinner dozens of times into the ears of Chief Justice John R. Caverly, presiding at the hearing.

Leopold and Loeb are playing an increasingly important part in their defense as the state rebuttal goes on. During Doctor Patrick's recital one or both of the boys were in frequent consultation with their attorneys, checking up on the doctor's story and supplying data of apparently considerable importance as the attorneys made copious notes.

At the conclusion of Dr. Patrick's story he was dismissed from the stand and court recessed.

BILLARD HAS HIS HEADQUARTERS ON THE JERSEY COAST

ASSUMES PERSONAL CHARGE OF

CAMPAIGN

CONFERENCES WITH THE COAST
GUARDS ARE
SCHEDULED

(By United Press)
Washington, Aug. 14.—Admiral Frederick Billard, commandant of the U. S. coast guard, has temporarily transferred his headquarters to the "Jersey coast" to assume personal charge of guards for the forthcoming offensive against rum runners, it was learned here today.

Headquarters of the service here were maintaining extraordinary secrecy concerning preparations for the drive and refused to divulge Billard's whereabouts.

It is understood that he had been in Philadelphia and intended later to go to Long Island. Conferences with coast guard regional officers to cooperate in the big movement are scheduled.

LIQUOR WAVE AT DANCING PLACES IN WASHINGTON, D. C.

Washington, Aug. 14.—A rising tide of liquor has hit the nation's capital and officials from Commissioner Haynes down are scandalized.

More than 100 drunken persons have been arrested on the streets within the last few days, 15 citizens have been corralled in a rum ring roundup and scores of arrests have been made in fashionable hotel roof garden dancing places.

The rum wave has spread such alarm that police and detectives have been made United States deputies so that they can begin—according to announcement today—a drive to dry up Washington.

Tuxedoed agents with stiff starched shirts and diamond studs haunt the exclusive dancing restaurants nightly and arrest young boys and girls with hip flasks.

Scores have been taken, but most of them were released because of faulty arrest, or they forfeited collateral without going to trial.

Six private apartment homes have been raided. Only a few bootleggers have been taken. One hundred drunks were haled into police court Monday.

London, (By mail).—There has been a bull market on spats, yellow gloves, top-hats and walking-sticks during the American invasion of London this summer.

The advertising men and members of the American Bar Association almost exhausted the supply of "toppers" in some of the batteries in the fashionable shopping district. In order to be properly dressed at the Buckingham Palace garden party, and other functions in honor of the Americans, it was necessary, of course, to have a silk hat. A few of the lawyers brought "toppers" with them, but most of them waited to buy one here.

At the Buckingham Palace garden party, Judge J. Crawford Biggs of North Carolina did not wear spats and did not carry a cane, and, by a coincidence, neither did the King. Therefore, Judge Biggs has been hailed by London newspapers as the man, Britisher or American, "with fewest sartorial imperfections" at the party. The reason Judge Biggs wasn't perfect, was that he happened to wear yellow gloves, whereas, the King wore grey ones.

KLAN REPLIES

IMPERIAL WIZARD OF KU KLUX
ATTACKS PROGRESSIVE AND
THIRD PARTY PLAN

Houston, Texas, Aug. 14.—"The most pernicious thing in the political life of America is the appeal being made by a group of dissatisfied political leaders, led by Senator La Follette, to destroy the peoples' confidence in this, the soundest, the greatest and best government on the earth," said Dr. Hiram Wesley Evans imperial wizard of the knights of the Ku Klux Klan, in a prepared statement issued here as he sailed from Galveston for Key West.

Dr. Evans has speaking dates at Miami and Jacksonville, Fla., after which he will go to New York, he said.

In his statement answering a recent statement by Senator La Follette he says: "Some of the present group, including Senator La Follette himself dared to refuse cooperation and support to this government in the hour of its greatest need and by many are believed to have been traitors in time of war."

"The prime thing for which the Klan stands is the creation of an American 'National' which shall mean the same thing as a British 'National' or a French 'National' or a German 'National'—one whose viewpoint and whose efforts are directed to the progress and security of things distinctly American."

"America needs two parties. It needs no dissensions groups whose evident purpose is to sap the confidence of the common people in their government. The economic problems of today are capable of solution without the injection in the political arena of things which destroy governments and disorganize peoples."

(By United Press)
Lockport, Ill., Aug. 14.—Seven bandits this afternoon held up the National Bank of Lockport, seizing \$21,100 in cash, leaped into an automobile and fled toward Chicago. The bandits, heavily armed, fled into the bank when only six persons were inside—one a customer. After the bandits covered the occupants with revolvers they forced them into a back room.

KLAN REPLIES
TO LAFOLLETTE

IMPERIAL WIZARD OF KU KLUX
ATTACKS PROGRESSIVE AND
THIRD PARTY PLAN

Houston, Texas, Aug. 14.—"The most pernicious thing in the political life of America is the appeal being made by a group of dissatisfied political leaders, led by Senator La Follette, to destroy the peoples' confidence in this, the soundest, the greatest and best government on the earth," said Dr. Hiram Wesley Evans imperial wizard of the knights of the Ku Klux Klan, in a prepared statement issued here as he sailed from Galveston for Key West.

Dr. Evans has speaking dates at Miami and Jacksonville, Fla., after which he will go to New York, he said.

In his statement answering a recent statement by Senator La Follette he says:

"Some of the present group, including Senator La Follette himself dared to refuse cooperation and support to this government in the hour of its greatest need and by many are believed to have been traitors in time of war.

"The prime thing for which the Klan stands is the creation of an American 'National' which shall mean the same thing as a British 'National' or a French 'National' or a German 'National'—one whose viewpoint and whose efforts are directed to the progress and security of things distinctly American.

"America needs two parties. It needs no dissension groups whose evident purpose is to sap the confidence of the common people in their government. The economic problems of today are capable of solution without the injection in the political arena of things which destroy governments and disorganize peoples."

ANNUAL PICNIC

Final Arrangements Perfected at Meeting of Committee and Lodge Last Night

OUTING TO BE ON GULL LAKE

All Odd Fellows, Unity Lodge, Florence Rebekah Lodge, Rushworth Encampment, Invited

Final arrangements for the Odd Fellow annual picnic were perfected at a meeting of the committee and the lodge on Wednesday evening.

The outing is to be held at the I. U. White home on Gull lake. All Odd Fellow bodies, including Unity Lodge, Florence Rebekah lodge and Rushworth Encampment, with their families are included in the invitations.

Automobiles will be at the I. O. O. F. building on Sunday morning to accommodate those who have no means of transportation. Each family will provide a well-filled lunch basket, coffee, cream and sugar will be provided free on the grounds.

The big launch belonging to Parka has been chartered for the day, and will take the picnickers around the lake on regular tours.

Special attention will be given the kiddies, who in the estimation of the committee really enjoy such an outing more than the older folks. A fine program of sports has been arranged for the children, and they are assured the time of their young lives. There will be boating, bathing and fishing for young and old.

All members of the fraternity with their families, are urged to reserve Sunday for this annual outing, and to attend in force.

Redbird Got Its Name From Church Dignitary

At first thought it is difficult to see the relationship between the common redbird, or cardinal, and the hinges of the front door. The explanation is simple enough, however, when the words are traced to their source. The redbird was originally called a cardinal because his plumage bore the coloring of the hat and cassock of a cardinal of the Roman Catholic church. The use of the word "cardinal" as denoting a dignitary of the church came about through the poetic fancy of an early pope, who spoke of the cardinals as "the hinges by which all things are moved" in connection with church government. In the Latin language "cardo, cardinis" is the equivalent of the English "hinge." For this reason the dignitary was called a cardinal, as signifying his function as one of the "hinges" of the church. From this early usage "cardinal" came to be applied to anything of prime importance, including the cardinal numbers, the cardinal points of the compass and the cardinal virtues. The use of the word as applying to a color came about from the fact that the color was the striking feature of the dress of a cardinal. This explains the use of the word in naming the redbird.

Lapps Contented With Few Creature Comforts

No one knows when the Lapps came into Sweden, but for centuries this queer little people, a branch of the Mongol tribe, have wandered about the mountains with their reindeer, living a more or less nomadic life and holding their own in population, although not increasing in any number.

During the summer months, when the reindeer are on the move, the Lapp contents himself with a birch-pole tent covered with canvas or turf, so that it may readily be moved from place to place. Some of the homes have modern comforts, but as a rule the Lapp contents himself with very little, says the Baltimore Sun.

In autumn the young reindeer are marked on the ear with their owner's name. At this time there is a gathering of all the tribes, and, though to a stranger all reindeer look exactly alike, a Lapp will point out his own in the herd with unfailing knowledge. Nor does a Lapp remove his neighbor's mark.

Teach me that 60 minutes make an hour, 16 ounces a pound, and 100 cents a dollar. Help me to live so that I can lie down at night with a clear conscience and untroubled by the faces of those to whom I may have brought pain. Grant that I may earn my meal ticket on the square, and in earning it I may do unto others as I would have them do unto me. Deafen me to the jingle of tainted money. Blind me to the faults of other fellows and reveal to me my own. Guide me so that each night when I look across the table at my wife, who has been a blessing to me, I will have nothing to conceal. Keep me young enough to laugh with little children and sympathetic so as to be considerate of old age. And when comes the day of darkening shades make the ceremony short and the epitaph simple: "Here lies a man."—Herrington Sun.

WOMAN LAWYER CAME HERE AS IMMIGRANT, IS NOW MORGAN TRUSTEE

Mrs. Anna Moskowitz Kross, who emigrated to this country and received her education in New York City amid poverty, has become temporarily responsible for the administration of the Morgan millions. She has been appointed by the Surrogate's Court a special guardian to safeguard the interests of minors who benefit from the trusts created under the will of the late J. Pierpont Morgan. More than thirty grandchildren and grandnephews and nieces have interests in the seven trust funds.

Moonlight and Mockingbird

Late in the night from some vantage point—the tip-top twig of the tall tree, the point above the crossarms of a telephone pole or the peak of the barn—flits a mockingbird, pouring forth his song.

The world lies deep in slumber. High over all rides the moon, its radiance veiled by a delicate mist that lightly drapes the ancient Ozark hills and shrouds the valley. Rest, peace possesses all, a silence deep, broken only by the voice of the wonderful bird. His music rises and falls, filling the hours with melodies rare and sweet, and having for accompaniment the soft sound of dewdrops falling from the points of the leaves on the Balm of Gilead trees.

Old Three-Master Used in Scenes of "Code of the Sea"

A sailing ship, whose decks ran red with the blood of a mutinous crew more than fifty years ago, was used by Paramount in filming scenes for "Code of the Sea," in which Rod LaRocque and Jacqueline Logan are featured.

This old three-master, in the heyday of its glorious youth, was known as one of the smartest schooners plying the Pacific shipping lanes. Once, on a trip around the Horn with a cargo from San Francisco to New York, a heavy storm made its crew anxious to abandon the vessel. Its captain with a few loyal seamen fought the mutinous ones into submission. Four lives were lost in the encounter and many more, including the captain, were grievously wounded.

For "Code of the Sea," which Victor Fleming directed, the schooner was renamed "The Chink." Restored to some of its former trimness it furnished the background for some of the most vigorous scenes in this

FALL SPECIALS AT LYCEUM THEATRE

First of These New Offerings to be Shown, "Little Robinson Crusoe," on Sunday, August 17

A JACKIE COOGAN PICTURE

A Modern Variation of an Old Time Popular Story With "Rafis of Fun"

Manager W. R. Hiller, of the Lyceum theatre, announces that the first of the new fall specials to be shown by this popular showhouse, starting Sunday, August 17th, will be Jackie Coogan in "Little Robinson Crusoe."

This is said to be Jackie's latest picture, and has just been released for showing this week. The Lyceum feels that it is extremely fortunate in securing it for such an early showing in competition with many of the large city theatres.

Jackie Coogan is a juvenile star who has won his way to the hearts of every theatre-goer. Each succeeding picture in which he is featured is better than its predecessor, and in "Little Robinson Crusoe" Jackie simply out-does any of his previous efforts, and the results are far beyond what one would expect from even this versatile little star.

"A raft of fun" is the way "Little Robinson Crusoe" is characterized. There is plenty of comedy, interspersed with suspense, action, thrills and just enough tears to make one appreciate the happiness in which the picture ends.

There isn't a man, woman or child but what remembers many happy romantic days spent with "Robinson Crusoe," the book that never grows old. Jackie Coogan brings it all back in a modern variation of the popular story. A shipwreck leaves him the sole survivor on an island in the Pacific. He becomes a power among the blacks who inhabit the island. Then comes an uprising among the hungry savages, and Jackie finds himself in some ticklish situations until after a breathless suspense, he is rescued by the United States Marines.

Mr. Hiller personally recommends "Little Robinson Crusoe" to both young and old, and promises that it

contains all the elements required in an exceptionally good picture that will appeal to every type of theatre-goer.

Polynesian Politics

Primitive political systems in the Polynesian Islands were discussed today in the anthropology section of the British Association by Margaret Mead.

"In Samoa, Hawaii and New Zealand," she said, "there is found a sacred hereditary group of rulers, protected by a multitude of taboos, but their powers vary greatly in the different islands. In Samoa their prerogatives have almost disappeared before the advance of democracy, while in Hawaii a rigid caste system has resulted. In New Zealand the Maoris have developed a very closely organized social system based on the close mutual dependence of the more or less privileged."

Wives Beat Husbands

Wives may whip faithless husbands and the husbands mustn't complain, according to a recent decision of the Austrian Supreme court. When a woman beats her wayward spouse, the court held, such a beating is "but the natural reaction to his conduct."

IF HAIR IS TURNING GRAY, USE SAGE TEA

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

At Open Car Cost ESSEX COACH

Built by Hudson

Genuine Balloon Tires

Standard Equipment

The outstanding buying choice this year is "Closed Car Comforts at Open Car Cost." The Coach alone provides them. It is exclusive to Hudson and Essex. Everyone knows it gives highest closed car value. And because no other type or car shares its position it is the largest selling 6-cylinder closed car in the world.

Genuine Balloon Tires Enhance World's Greatest Value

Naturally when balloon tires had established their superiority Hudson and Essex would adopt them. They are now standard equipment. They add an even greater measure of riding ease, steadiness and good looks to the notable values of the Coach.

In workmanship, materials and design both Hudson and Essex are of one quality—built in the same factories, under the same patents. Your choice between them will rest solely on the price you want to pay.

You see the Coach everywhere in increasing numbers. Everyone wants closed car comforts. They will no longer accept half-utility when all-year usefulness and comforts cost no more in the Coach.

Consider how the growing trend to closed cars affects resale values. The diminishing demand for open cars means far faster depreciation in that type. As the wanted type, the Coach maintains exceptionally high resale value.

Broken Buggy Reforms Tramp in Delightful Charles Jones Picture

The chief distinction of this tramp's life was the buggy in which he rode. The second was the fact that, contrary to tramp custom, he gave "lifts" instead of receiving them. But that which gave him notoriety finally caused the most drastic change of his experience.

Giving a "lift" to a beautiful country girl whose Ford obstinately refused to climb a hill, he falls in love. In the first stage of his love tremors his horse bolts, smashing the buggy beyond repair. This necessitates remaining in the girl's town until such time as he should have earned enough money to purchase another buggy, as this tramp under no circumstances would place himself at the mercy and whim of railroad attaches and freight cars.

This is the opening action of "Second Hand Love," the William Fox production with Charles Jones which the Lyceum theatre is presenting on Friday and Saturday.

At Open Car Cost ESSEX COACH

Built by Hudson

Genuine Balloon Tires
Standard Equipment

The outstanding buying choice this year is "Closed Car Comforts at Open Car Cost." The Coach alone provides them. It is exclusive to Hudson and Essex. Everyone knows it gives highest closed car value. And because no other type or car shares its position it is the largest selling 6-cylinder closed car in the world.

Genuine Balloon Tires Enhance World's Greatest Value

Naturally when balloon tires had established their superiority Hudson and Essex would adopt them. They are now standard equipment. They add an even greater measure of riding ease, steadiness and good looks to the notable values of the Coach.

In workmanship, materials and design both Hudson and Essex are of one quality—built in the same factories, under the same patents. Your choice between them will rest solely on the price you want to pay.

You see the Coach everywhere in increasing numbers. Everyone wants closed car comforts. They will no longer accept half-utility when all-year usefulness and comforts cost no more in the Coach.

Consider how the growing trend to closed cars affects resale values. The diminishing demand for open cars means far faster depreciation in that type. As the wanted type, the Coach maintains exceptionally high resale value.

So Why Buy an Open Car?

CROW WING COUNTY AT DAIRY EXPOSITION

THE Chamber of Commerce has taken up the matter of arousing interest in the Northwest Dairy Exposition at the Minnesota State Fair August 30 to September 6, the idea being to have the delegation travel by special train. By traveling in a body, more attention will be directed to our county. They will be royally received in the cities, will be carried in a body by street car to the fair and the movement from our county will thus receive a lot of publicity.

Should Crow Wing county get up a goodly representation in this manner, efforts will be made to get County Agent E. G. Roth an opening for an address on our county and how Crow Wing county has worked to solve the dairying problem, how the soil survey was made, alfalfa crops enlarged and how the Chamber working in conjunction with business and professional men and the farmers inaugurated its "Better Sires Day."

Delmer H. Lavoie, field representative of the Northwest Dairy Exposition, who spoke at the Chamber of Commerce Wednesday evening, said he had heard about the Brainerd plan of dairy herd improvement all over the state. Ortonville was the latest town to discuss it and was trying to duplicate Brainerd.

At the Northwest Dairy Exposition \$16,305 in premiums are offered as dairy cattle prizes besides premier awards and banners for state herds.

The Junior Dairy Exposition, a show within a show, will be a miniature replica of the larger exposition. Fourteen hundred boy and girl calf club members will be represented by county winners with their own animals displayed in their own barn, their own show ring, and their own judges as well as their own cash premiums of \$1,500.

A dairy motion picture theatre will seat 1,500. The United States Department of Agriculture diversified farming exhibit covers 2,000 square feet of floor space.

The Dairy Exposition will just abound in educational features of value to every farmer. Home feeding of dairy cattle at low cost, increased consumption of milk and milk product, and the value of diversified farming crops will be shown in altogether new exhibits under expert direction.

YANKEE WORLD FLIGHT NOT CALLED OFF

ALL America breathed a sigh of relief when it was announced the Yankee world flight had not been called off. To surmount so many difficulties as these boys have and then to have their flight called off within hailing distance of their goal, would have been a bitter disappointment.

The weather cannot continue frigid forever. The ice must break away at some time. The latest report from Iceland is that the flight may be resumed in ten days. Every precaution has been taken to outline the route and to offer aid in case the fliers are in distress. Spare parts are being carried in a cruiser.

The Dispatch has always maintained that safety first was an essential consideration of the flight, that speed was not so necessary where a pioneer flight was essayed, that there was glory enough in achieving the world flight without resorting to a speed record too. The latter can be made when the air lanes have been plotted and all meteorological data carefully compiled.

Of all the competition that started out when the Yankees did, the large proportion has resolved itself into broken machines, broken plans and broken spirited aviators. The United States on the other hand matured its plans carefully, checked its route, provided supplies and parts, and arranged for patrols of dangerous waters. It's all right to take foolhardy chances at times, but it is a serious matter to send a little band of aviators alone on a strange air cruise with no government cooperation or patrolling, as some nations have done. We are glad to make records in all lines, but under no conditions do we want our aviators to meet death to win honors.

SHIPS TO GO WHERE THERE IS SUFFICIENT WATER

WHEREVER there is any great mass of freight to be carried, and depth of water for its carriage, ocean shipping men with their freight vessels have always gone after it, since ocean shipping began, and they will continue to do so as long as ocean shipping shall last, says the Columbus Dispatch in an editorial which clearly sizes up the situation.

Around the Great Lakes and in the territory tributary to them live tens of millions of prosperous people. They consume an enormous amount of the products of other lands and they produce an enormous amount of grain, minerals, wood products and other articles which the outside world wishes to buy.

This trade, in both directions, is hampered by high cost of carriage. This hampering influence can be greatly reduced, if freight cargoes for all parts of the world can be loaded at the lake harbors and taken to their destination without the delay and expense of breaking up and reloading.

And the knowledge that this will be the inevitable result of the St. Lawrence waterway, when completed is the all-sufficient explanation of New York opposition to its completion. The cry that ocean going ships would not go into the lakes is not sincere.

PICNIC DAY WEDNESDAY

BRAINERD merchants and clerks had their annual picnic day Wednesday and stores generally were closed. Banks closed at noon. Mayor Con O'Brien invited all the clerks at the water and light board offices to visit his summer home on Clearwater lake and accordingly the board closed its offices at noon.

At Duluth, same day, the retail grocers, meat dealers and hardware dealers had their annual picnic and as a consequence canned goods, pigs feet and nails were scarce that day.

EVIDENTLY the craze for publicity has not permeated Germany. There, according to a recent court decision, no newspaper has the right to print a man's picture contrary to his will.

FOLLOWING the idea, no doubt, of the non-stop airplane flights from town to town, railroad companies are now running non-stop trains to Rochester.

OFFICIAL PROCEEDINGS

of the

BOARD OF COUNTY COMMISSIONERS

Of Crow Wing County, Minn.

Pursuant to adjournment, the Board met at the Court House in the City of Brainerd on Saturday, August 2nd, 1924, at 10 o'clock A. M.

All members present. Minutes of the meeting held July 14th, 1924, were read and duly approved.

The County Engineer was instructed to move the obstruction on the M. & I. Ry. overhead crossing on what is known as the "Kraich Cut-off Road" in Section 5-133-28.

The bids submitted at the July 14th meeting of the Board covering Job 2301 SR-2, were taken up.

P. W. Roark amended his bid on grade to the same amount as the bid submitted by H. M. Hafl & Sons, whereupon Commissioner Dewing moved that the job be awarded to P. W. Roark on the grounds of his being a more responsible bidder.

Commissioner Lowey asked for a "AYE" and "NAY" vote on the awarding of said job.

Those voting "Aye"—Commissioners Anderson, Andrews and Dewing. Those voting "Nay"—Lowey and Syreen.

Whereupon the contract was awarded to P. W. Roark as per his amended bid.

Contract for constructing bridge No. 4309 in connection with said road was awarded to A. B. Peterson as per his bid.

Class "A" Metal Culverts were awarded to the Lyle Culvert & Road Equipment Company as per their bid.

All other bids were rejected. The following applications were granted subject to the approval of the Minnesota Tax Commission:

Brainerd State Bank, for a reduction in the valuation and refundment of taxes paid on Lot 1, Block 6, Woodland Park Addition to the City of Brainerd.

M. E. Swartz for the settlement of accumulated taxes against part of Lot 3, Section 24-45-31.

Salvation Army for the cancellation of taxes against E. 38½ feet of W. 70 feet of Lots 1 to 3, Block 162, Town of Brainerd.

Henry C. Robinson for the refundment of taxes paid on his personal property in the town of Dean Lake.

The application of R. H. Sifter for a reduction in the valuation of SW¼ NW¼ and NW¼ SW¼, Section 14, 137-29 was rejected.

John Humphrey was authorized a partial payment in amount \$1113.05 being estimate No. 2, SR-4, Job No. 2402.

The hearing in connection with the establishing the residence of one George Lytle was continued until the September 6th, 1924, meeting of the County Board.

On motion \$1000.00 was set aside from the R. & B. fund to construct a road around the W¼ NW¼, Section 20-45-30, provided the City of Brainerd appropriated to the County \$500 towards said road work.

Work to be done under the supervision of the County Engineer and payment of labor by time checks authorized.

The following amounts were set aside from the Road & Bridge fund to cover the expenses of maintaining the following roads:

State Road No. 2 \$1200.00.
State Road No. 3 \$3050.00.
State Road No. 4 \$1400.00.
State Road No. 5 \$1500.00.
White Line Road No. 2, \$300.00.
White Line Road No. 3, \$432.00.

White Line Road No. 8, \$300.00.
White Line Road No. 9, \$1000.00.
White Line Road No. 10, \$357.00.

The maintenance of the above roads to be done under the supervision of the County Engineer and payment of labor by time checks authorized.

Commissioner Lowey offered the following resolution and moved its adoption:

WHEREAS, a resolution was heretofore made and published as required by law fixing August 2nd, 1924, as the time for consideration by the County Board of Crow Wing County, of the sale of Lots 1 to 18, both inclusive, and Lots 56 to 65 both inclusive, of Block 2, Evergreen Cemetery according to the plat thereof in the Registry of Deeds of Crow Wing County, Minnesota, to Evergreen Cemetery Association, a corporation for the sum of One Hundred Dollars (\$100.00) to be paid upon the execution and delivery of proper deed of conveyance, and

WHEREAS, it appears that no other proposition for the purchase of said real property, or any part thereof, has been filed with the County Auditor.

NOW, THEREFORE, BE IT RESOLVED, that the above described real property be, and the same hereby is sold to the Evergreen Cemetery Association, a corporation, for the sum of One Hundred Dollars (\$100) to be paid upon the execution and delivery of a proper deed of conveyance, provided, however, that there be reserved all iron ore and other valuable minerals in and upon said real property, with the right to explore for, mine and remove the same and that the proper officers of said County be and they hereby are directed and authorized to execute a proper deed of conveyance to said real property.

Which resolution being seconded by Commissioner Andrews was duly adopted, all members voting "AYE."

POET'S LI-
CENSE

DR. LUDVIK SILBERSTEIN MAKES CELESTIAL SUR- VEY

(By United Press)
Toronto, Aug. 13. — Illimitable space is only poet's license. The boundless realms of the ether have been bounded. No longer can you take off into space and fly, and fly, and fly. After flying for so far, you would crash headlong into the floor, walls, or ceiling of the universe, as the case may be.

Further astronomical confirmation for his theory that the cosmos in which Mother Earth finds herself is distinctly limited in extent, was presented for the consideration of mathematical physicists at the British Association by Dr. Ludvik Silberstein, consulting mathematician of a Rochester firm, and an authority on the subject of relativity.

Dr. Silberstein did not present his argument as a hypothesis. He proved it. His methods are not those of the Grecian philosophers, nor does he quote the writings of Moses. He puts in the necessary formulae and symbols, adds a few figures previously provided by the telescope and spectroscopy, shakes them well, and out pops the result. True, the figure that tumbles off the adding machine is quite large. So large, in fact, that there need be no fears of planets bouncing against the wall.

Think how far it is from the earth to the sun. Then think of 134. Next imagine 10 times 10 times 10, done eleven times. Then multiply all together and try and comprehend the product. It looks more like an echo than anything else, and it might hurt to try too hard. This, no less, is the breadth of the universe from east to west, also its length from north to south, and ditto dimensions up and down.

So sure is Dr. Silberstein of his celestial survey, that he gives as the radius of the sphere of the universe, based on the latest measurements of constants for certain stellar clusters, the figure 6.7 times 10 million astronomical units, the astronomical unit being the distance from the earth to the sun, selected by astronomers as a convenient yardstick. Not "6", mind you, or even "about 7", but just "6.7".

Energy of Thought

When man works with his body, he gives off more carbon dioxide than when he sits still and uses his brain. It cannot yet be determined how much energy is required when a man adds up a column of figures, but it is of interest to determine, if possible, something of the energy expenditure of nerve tissue in general. As a step in this direction, Prof. G. H. Parker of Howard University has determined the amount of carbon dioxide excreted by the lateral line nerve of the dogfish, the sciatic nerve of the frog, and the ventral chain of the lobster.

Bankrupt's Petition for Discharge and Order of Notice Thereon

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the matter of Warren Charles Henderson, bankrupt, in bankruptcy.

To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota.

Warren Charles Henderson, of Crosby, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents that on the 10th day of October, last past, was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 8th day of August, A. D. 1924.

WARREN CHARLES HENDERSON, Bankrupt.

Order of Notice

District of Minnesota, ss:

On this 11th day of August, A. D. 1924, on reading the Petition for Discharge of the above-named Bankrupt, it is

Ordered by the Court, that a hearing be had upon the same on the 27th day of September, A. D. 1924, before the said court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send, by mail, to all known creditors, copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Wm. A. Cant, Judge of the said court, and the seal thereof, at Duluth, in said district, on the 11th day of August, A. D. 1924.

ASK SHENANDOAH STAY WITH ATLANTIC FLEET MANEUVERS

(By United Press)
Washington, Aug. 14.—Secretary of the Navy Wilbur today cancelled a proposed trip of the navy dirigible Shenandoah to middle western states at the end of this month.

Strong recommendations of fliers and aeronautical officers that the Shenandoah be permitted to remain with the Atlantic fleet during all of its maneuvers this month rather than make the trip caused Wilbur to call it off.

A bare possibility exists that the flight may be authorized later.

Engineers of Health

That public health is not necessarily a medical science, is the opinion of F. A. Dallyn, provincial engineer, expressed in a paper to the engineering section of the British Association. Mr. Dallyn claimed that in such branches as sanitation, the supervision of public water supplies, milk supplies, sewerage and sewage disposal, steam protection, garbage collection and disposal, and municipal sanitation generally, included such projects as fly and mosquito control, rodent extermination, etc., the engineering element is very great. The work in those branches could, with advantage, be left to the direction of engineers and biologists, releasing the medical personnel for their distinctive field—hygiene and nutrition.

Stone for Mormon Temple

An enormous deposit of granite was found in the Cottonwood canyons of the Wasatch mountains, about twenty miles from the set site of the Mormon temple at Salt Lake City. Eruptions and glaciers had isolated enormous boulders, which were chiseled out with hand drills and transported by oxen until railroad transportation became possible. Four yokes of oxen were required for each block and every trip was a labored journey of three or four days.

We're opening 96 new stores this year. It is a mammoth undertaking. Scores of people have been busily engaged for months with the arrangements.

Each store must be equipt with shelving, counters and many details that go to complete an attractive shopping place.

Goods must be carefully bought, shipped, received, checked and displayed. Salespeople must be engaged and trained.

It all takes time and earnest work. But, in the end, many thousands of additional people will join those who have been enjoying the savings provided by the unusual buying power of our stores.

WATER & LIGHT BOARD DEPARTMENT REPORT

Contains Much of Interest to Consumers of Water and Electricity In The City

REPORT IS IN BOOK FORM

Contains Timely Illustrations, Shows Water is Furnished at Absolute Cost to Consumers

The Water and Light Department of the city of Brainerd has published its annual report for the fiscal year ending June 30th, 1924, which contains much of interest to consumers of water and electricity.

The report is attractively prepared in book form, and contains full page illustrations of the large cement water tower, the pumping station with its 800,000 gallon concrete reservoir just south of the city, the interior of the pumping station, and a diagram of the city's water supply.

The report shows that water is furnished at absolute cost to consumers in the city. The operating expense of the water service is given at 17.5 cents per thousand gallons, and the receipts, including hydrant rentals, totals 18.7 cents per thousand gallons, leaving the city the small net profit of \$1,722.69 for the whole year.

The board is handicapped, says W. D. McKay, secretary, by the heavy bonded indebtedness on the new plant, the interest charges being about as much as the operating expense of the plant.

It will be observed, from the earnings received from the Northern Pacific Railway, the board is enabled to keep the water rental rate at its present low mark, otherwise it would be necessary to increase the rate to local consumers. The railway shops are heavy users of water, bringing in gross earnings for the fiscal year of over eight thousand dollars.

The net earnings from the light plant, together with the depreciation of the water and light plants, have enabled the board to put in nearly fifty thousand dollars in permanent improvements during the past year, details of which are shown in the report.

Old Kalamein water pipes have been replaced with new cast iron mains, and new service connections have been made to nearly seventy-five per cent of the residences. Substituting heavier wire in the electric light distributing system has given better voltage, reducing loss in transmission.

All of this work has been done by day labor, under the supervision of the Water and Light Board, and the labor cost of laying the pipe is shown to compare favorably with prices for contract work.

The loss in transmission of 16.3 per cent in the electric current distribution system as shown by the annual report, is much less than the average loss throughout the state, says Mr. McKay.

The report explains that the Water and Light Board manages the water and electric utilities of the city of Brainerd. Invested in these utilities in strictly up-to-date and serviceable equipment, is over a half million dollars, which produces an annual income of about \$150,000. The maintenance, operation and conduct of this department in no way affects taxes locally, for the department must be self-supporting.

Brainerd is extremely fortunate in having at its disposal a fine water supply, the sanitary aspect of which is entirely satisfactory, and a supply

which seems practically inexhaustible.

While the publishing of such a comprehensive report is a new procedure in Brainerd, most cities have for many years issued such statements. The Water and Light Board receives numerous requests from citizens regarding certain features of its work, and many requests come from other cities for data regarding Brainerd utilities. These requests are greatly appreciated, but it has been difficult and often impossible to comply with them. Now, however, with the printed report, it is possible for the Board to give out comprehensive information on any phase of its work upon request.

The printing was done by the Dis-

patch job department and is a fine example of artistic workmanship.

WIFE READING FREUD, FARMER ASKS DIVORCE

St. Paul, Aug. 14.—Emma Steeberg, wife of a dairy farmer near Wayzata, was graduated from the University of Minnesota 20 years after she was married, and now she can't live with her uneducated husband.

In a divorce action and cross bill Fred Steeberg, 47, and his wife, 42, each charges the other with cruelty.

Despite all his wife's education, Mr. Steeberg said, she used very plebeian weapons when she quarreled with him. On one occasion, he charges, she threw a butcher knife at him. Then she threw a pail of water, followed it up with the pail itself, and finished with a block of wood, he says.

"Your honor," Mr. Steeberg told Judge Mathias Baldwin, "she was reading Freud and psycho-analysis and

all that stuff and then she got mad at me because I couldn't talk about them too. Why, I couldn't even pronounce most of the words.

"After she got her education she told me she wasn't an ordinary farmer's wife any more."

Mrs. Steeberg was married when she was 22, she says. Her husband is lazy, according to her version, and for a long time the profits from their dairy farm were diminishing.

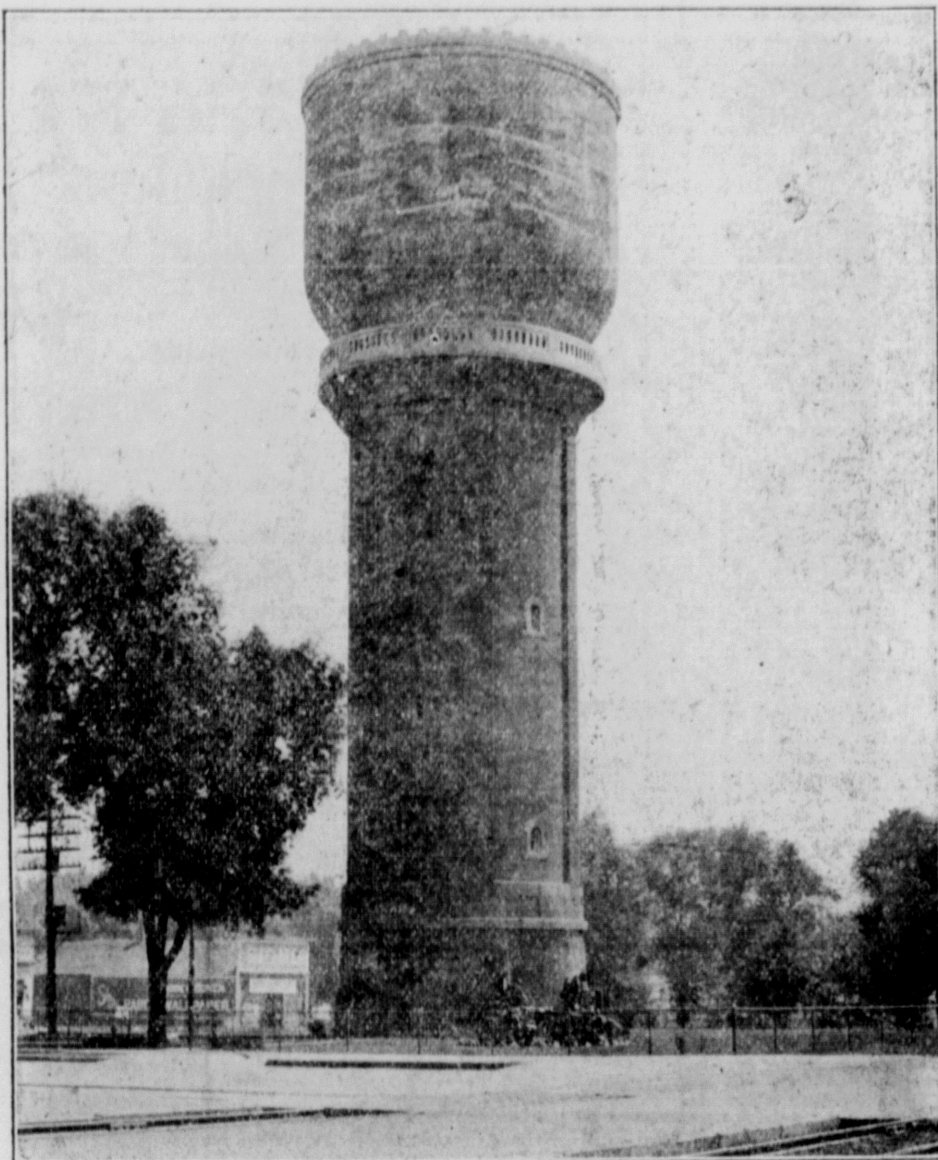

So in order to make herself self-supporting she entered high school at the age of 35 and was graduated from the University of Minnesota with a bachelor of arts degree eight years later.

Judge Baldwin awarded her \$10 a week temporary alimony.

TOM DIXON IS TAKEN IN CITY

Claimed to be Fugitive From Justice, Deputy Sheriff Ege of Minneapolis Makes Arrest

LIQUOR CHARGE AGAINST HIM

Dixon Was Registered at Ransford Hotel Under the Name of Bill Hawkins

Tom Dixon, fugitive from justice for the past fifteen months, and wanted in Hennepin county on a liquor charge, was unexpectedly picked up in Brainerd late Wednesday afternoon, by Deputy Sheriff Ege of Minneapolis.

Dixon is said to have been implicated in the Cavanaugh murder case several years ago. He turned state's evidence and got off with a short work house sentence.

He was indicted a year ago last May on a liquor charge and released on \$10,000 bail. He "jumped" his bail and went to Canada. Officers got trace of him in Winnipeg and wired the police of that city to arrest him, which they did. He fought extradition and was held about two months in jail, finally being released because U. S. officials did not push the case.

He came back to the states thinking that the chase had been dropped. It is thought that for several months he has been selling liquor at points along the Minnesota & International Railway, and between Brainerd and Duluth.

Dixon was registered at the Ransford hotel for two days before he was caught under the name of Bill Hawkins. He was recognized by Deputy Ege in the Ransford bar Wednesday afternoon. Not sure that he was still wanted, Ege telephoned Minneapolis authorities, who stated that they were very anxious to get him. Ege then took Dixon into custody and deputies arrived in Brainerd at eight o'clock Wednesday evening and left with their man an hour later.

Ege is chief deputy sheriff under Sheriff Earl Brown, of Hennepin county. He is enjoying an outing at his chief's cottage on Mille Lacs lake, and came to Brainerd Wednesday for provisions. It was purely an accident that he stumbled upon Dixon in the Ransford hotel.

Picnic at the Mayor's Lake Home Wednesday Afternoon

Employees of the O'Brien Mercantile Company utilized the Merchants and Clerks annual outing by accepting Mayor O'Brien's invitation to a picnic at his summer home on Clearwater lake, Wednesday.

The outing was enjoyed by all, and Mr. O'Brien distinguished himself as a royal host.

Wednesday was a very quiet day in Brainerd. All business houses closed in observance of the Merchants and Clerks picnic, and the city took on a decided Sunday appearance. Many tourists and strangers in town who did not know of the annual outing custom, wondered why the city was so quiet.

Most of the merchants and clerks planned individual outings, so that there was no general observance of day in a combined picnic.

IN MUNICIPAL COURT

Cases Brought Before Judge J. H. Warner Included Charges Intoxication, Speeding, Etc.

In municipal court Wednesday, Glen Schnell plead guilty to a charge of assault and battery, the charge being made by John Dailey. The case was continued until Friday morning.

Schnell was also arraigned on a charge of intoxication. He plead guilty and was fined \$20.

L. Alexander plead guilty to a charge of speeding and paid a fine of \$5.

PLATTE LAKE CHURCH MISSION

Special Services Planned For the Festival to be Given on Sunday, August 17th

ALL WELCOME TO ATTEND

Speakers Will be Rev. H. Miljus of Zimmermann and Rev. Hoessel of Milwaukee, Wis.

The Evangelical Lutheran church of Platte Lake will observe its annual mission festival on Sunday, August 17th.

Special services have been arranged in the forenoon, commencing at 10:30 o'clock. Rev. H. Miljus of Zimmermann, Minn., will be the speaker.

The afternoon services will commence at 2:45 o'clock Sunday afternoon and will be in charge of Rev. K. A. Hoessel of Milwaukee. Rev. Hoessel is the president of the synod.

All are welcome and invited to attend these services. Refreshments will be served between and after services.

SAGATUN LODGE ANNUAL PICNIC

To be Held at Gull Lake Hotel Near Squaw Point, Sunday, August 17

FRIENDS, VISITORS WELCOME

Events of Day to Include Boating, Swimming, Tug of War, Horse Shoe Tournament, Etc.

Sagatun lodge, No. 18, Sons of Norway, is to have its annual picnic on Sunday, August 17th, at Gull lake hotel, near Squaw Point. As a picnic place, there is hardly a better location around Brainerd, so the committee in charge declares, and it is hoped that all members, with their families, will be on hand equipped with well filled lunch baskets for a big day's outing. Friends and visitors are welcome.

The events of the day will include boating, swimming, a tug-of-war, a horse shoe tournament and races of different kinds.

Those living in Northeast Brainerd are asked to meet at 9:30 sharp at the north end of the paving on Third avenue, at the corner of Third and Ash avenues. Those living in Southeast Brainerd will gather at the same hour at the corner of Oak and Thirteenth streets and continue to Gull lake hotel.

Those having room in their automobiles are requested to accommodate members who have no means of transportation.

It is hoped to make this outing a gala day long to be remembered, and everyone attending is assured the time of their lives.

N. E. BOY SCOUTS GIVE SOCIAL

Will Serve Ice Cream and Cake on the Lawn at the Peoples Church

The Northeast Brainerd Boy Scouts will serve ice cream and cake Friday evening (tomorrow) on the lawn at the Peoples church.

The boys have declined to say whether they will make their own cakes, but they are willing to guarantee that they will be good, "the kind mother used to make," and the scoutmaster of the troupe, James Templeton, says the service will be exceptional.

This is for a worthy cause and all are urged to attend and help the boys make it a success.

Ice Cream Social

Tomorrow, Friday evening, the ladies of Zion Lutheran church, Rev. F. C. Rathert, pastor, will give an ice cream social on the lawn of Mrs. Jacob Graft, 308 Third ave., Northeast, but in case of rain the social will be given in the basement of the church, corner Main and Broadway.

Who Paid the Fine?

Three race-course followers arrested at Aldershot on charges of drunkenness were remanded on bail of \$1 each. One of them produced a wallet containing three \$1 notes and left it as security. The men did not appear on remand, and the bail was estreated. Next day the wallet was shown to the judge, who recognized it as his property. It had been stolen from him at the race meeting.—London Mail.

OUR COUNTY AT THE DAIRY SHOW

Delmer H. Lavoie Pleads For a Large Representation Traveling in a Body

CITES VALUE OF DAIRYING

Visual Examples of Dairying to be Grouped at Northwest Dairy Exposition

Delmer H. Lavoie, field representative of the Northwest Dairy Exposition, spoke at the Chamber of Commerce Wednesday evening to an attentive audience. He stressed the importance of having Crow Wing county largely represented at the coming dairy exposition, August 30 to September 6, and counseled the Chamber to take the lead in getting dairy farmers, business men and others interested in the welfare of this county to make up a special train or at least several coaches to attend the dairy exposition in a body, and there to glean much of benefit in regard to cattle exhibits and other educational features offered.

The second Northwest Dairy exposition, said Mr. Lavoie, has developed into what may be aptly called a diversified farming exposition. Farming for profit with the dairy cows as a foundation upon which to build has been selected as the theme of the 1924 show.

Visual examples of success in various branches of diversified farming have been grouped in the buildings about the huge \$600,000 cattle barn in which over 1,000 purebred dairy cattle will be housed.

Mr. Lavoie gave a fine address on the important station which dairying had attained in Minnesota and in his travels said he had heard much of the Brainerd Chamber of Commerce plan of fostering the purebred movement in Crow Wing county. He showed his familiarity with Crow Wing county conditions by citing various statistics on milk and butter production, number of cattle, etc.

It was decided to make an effort to have Crow Wing county represented at the dairy exposition and to present the proposition at the coming meeting of the Crow Wing County Tax Reduction League, when delegates will be present from every voting precinct of the county. It will also be taken up at the Crow Wing county fair the latter part of August. It is hoped to revive enough interest so that Crow Wing county can duplicate its performance of some years ago when P. M. Zakariassen marshalled a large crowd to attend the fair.

The efforts of the county agricultural agent, E. G. Roth, will also be enlisted to secure a big attendance at the dairy exposition.

FURTHER DETAILS OF ROYALTON ACCIDENT GIVEN

(Little Falls Daily Transcript.)

Mrs. Isaac L. Hills of Des Moines, Iowa, was killed and her son Cyrus, 16, seriously injured in an automobile accident on the pavement two miles south of Royalton late Tuesday afternoon. Charles L. Douchert, Sylvan Frase and Daldor Lund, members of the Dubutante orchestra, received minor injuries when their car was overturned by the Hills machine. Mrs. Hills, first vice president of the National Council of Mothers' Clubs and Parent-Teacher association died a few minutes after the collision from injuries received when she was pinned under the heavy car. Mr. Hills received three fractured ribs and a broken collar bone. He was taken to a St. Cloud hospital for treatment. The boys received medical attention at Royalton.

Mrs. Hills and her son were en route to their home and the young men were traveling from Sauk Rapids to Royalton. Reports received concerning the accident are conflicting. Mr. Hills is reported as having stated that the steering wheel on his car broke causing the machine to zig-zag across the pavement, making the accident unavoidable.

Local people who viewed the wrecked cars shortly after the accident occurred state that the collision was one of the worst that has happened in this locality. Both cars were completely wrecked and the musical instruments belonging to the orchestra were badly smashed.

Elks Lodge of Brainerd Had Charge of Funeral Services at Home and Grave on Wednesday

EXALTED RULER PRESIDED

Elks Trio Rendered Beautiful Selections, Adding to the Elks Ritual Exemplified

Elks Lodge No. 615 of Brainerd presented the Elks ritual service when its faithful brother, Charles E. Peabody, was consigned to his last resting place. At the home the services were held at 3 o'clock in the afternoon. The Elks marched in a body from the hall to the residence, headed by officers and the pallbearers, Mayor Con O'Brien, Fred Allison, C. D. Johnson, Claus Theorin, R. J. Hartley and James Cullen.

The Elks trio, S. F. Alderman, Rowland Jenkins and A. C. Mraz, sang "Lead Kindly Light" and other sweet songs in a most impressive manner. The piano accompaniment was played by Mrs. Walter F. Wieland.

There were many friends present from out of town and the countryside and city, attesting to the wide acquaintance of the deceased. At the grave the final lodge ceremonies were carried out with a rare fidelity to the requirements of the ritual.

Special services have been arranged in the forenoon, commencing at 10:30 o'clock. Rev. H. Miljus of Zimmermann, Minn., will be the speaker.

The afternoon services will commence at 2:45 o'clock Sunday afternoon and will be in charge of Rev. K. A. Hoessel of Milwaukee. Rev. Hoessel is the president of the synod. All are welcome and invited to attend these services. Refreshments will be served between and after services.

SAGATUN LODGE ANNUAL PICNIC

To be Held at Gull Lake Hotel Near Squaw Point, Sunday, August 17

FRIENDS, VISITORS WELCOME

Events of Day to Include Boating, Swimming, Tug of War, Horse Shoe Tournament, Etc.

Sagatun lodge, No. 18, Sons of Norway, is to have its annual picnic on Sunday, August 17th, at Gull lake hotel, near Squaw Point. As a picnic place, there is hardly a better location around Brainerd, so the committee in charge declares, and it is hoped that all members, with their families will be on hand equipped with well filled lunch baskets for a big day's outing. Friends and visitors are welcome.

The events of the day will include boating, swimming, a tug-of-war, a horse shoe tournament and races of different kinds.

Those living in Northeast Brainerd are asked to meet at 9:30 sharp at the north end of the paving on Third avenue, at the corner of Third and Ash avenues. Those living in Southeast Brainerd will gather at the same hour at the corner of Oak and Thirteenth streets and continue to Gull lake hotel.

Those having room in their automobiles are requested to accommodate members who have no means of transportation.

It is hoped to make this outing a gala day long to be remembered, and everyone attending is assured the time of their lives.

N. E. BOY SCOUTS GIVE SOCIAL

Will Serve Ice Cream and Cake on the Lawn at the Peoples Church

The Northeast Brainerd Boy Scouts will serve ice cream and cake Friday evening (tomorrow) on the lawn at the Peoples church.

The boys have declined to say whether they will make their own cakes, but they are willing to guarantee that they will be good, "the kind mother used to make," and the scoutmaster of the troupe, James Templeton, says the service will be exceptional.

This is for a worthy cause and all are urged to attend and help the boys make it a success.

Ice Cream Social

Tomorrow, Friday evening, the ladies of Zion Lutheran church, Rev. P. C. Rathert, pastor, will give an ice cream social on the lawn of Mrs. Jacob Graff, 308 Third ave., Northeast, but in case of rain the social will be given in the basement of the church, corner Main and Broadway.

Who Paid the Fine?

Three race-course followers arrested at Aldershot on charges of drunkenness were remanded on bail of \$1 each. One of them produced a wallet containing three \$1 notes and left it as security. The men did not appear on remand, and the bail was estreated. Next day the wallet was shown to the judge, who recognized it as his property. It had been stolen from him at the race meeting.—London Mail.

OUR COUNTY AT THE DAIRY SHOW

Delmer H. Lavoie Pleads For a Large Representation Traveling in a Body

CITES VALUE OF DAIRYING

Visual Examples of Dairying to be Grouped at Northwest Dairy Exposition

Delmer H. Lavoie, field representative of the Northwest Dairy Exposition, spoke at the Chamber of Commerce Wednesday evening to an attentive audience. He stressed the importance of having Crow Wing county largely represented at the coming dairy exposition, August 30 to September 6, and counseled the Chamber to take the lead in getting dairy farmers, business men and others interested in the welfare of this county to make up a special train or at least several coaches to attend the dairy exposition in a body and there to glean much of benefit in regard to cattle exhibits and other educational features offered.

The second Northwest Dairy exposition, said Mr. Lavoie, has developed into what may be aptly called a diversified farming exposition. Farming for profit with the dairy cows as a foundation upon which to build has been selected as the theme of the 1924 show.

Visual examples of success in various branches of diversified farming have been grouped in the buildings about the huge \$600,000 cattle barn in which over 1,000 purebred dairy cattle will be housed.

Mr. Lavoie gave a fine address on the important station which dairying had attained in Minnesota and in his travels said he had heard much of the Brainerd Chamber of Commerce plan of fostering the purebred movement in Crow Wing county. He showed his familiarity with Crow Wing county conditions by citing various statistics on milk and butter production, number of cattle, etc.

It was decided to make an effort to have Crow Wing county represented at the dairy exposition and to present the proposition at the coming meeting of the Crow Wing County Tax Reduction League, when delegates will be present from every voting precinct of the county. It will also be taken up at the Crow Wing county fair the latter part of August. It is hoped to revive enough interest so that Crow Wing county can duplicate its performance of some years ago when P. M. Zakariassen marshalled a large crowd to attend the fair.

The efforts of the county agricultural agent, E. G. Roth, will also be enlisted to secure a big attendance at the dairy exposition.

FURTHER DETAILS OF ROYALTON ACCIDENT GIVEN

(Little Falls Daily Transcript.)

Mrs. Isaac L. Hills of Des Moines, Iowa, was killed and her son Cyrus, 16, seriously injured in an automobile accident on the pavement two miles south of Royalton late Tuesday afternoon. Charles L. Douchert, Sylvan Frase and Daidor Lund, members of the Dubutante orchestra, received minor injuries when their car was overturned by the Hills machine. Mrs. Hills, first vice president of the National Council of Mothers' Clubs and Parent-Teacher association died a few minutes after the collision from injuries received when she was pinned under the heavy car. Mr. Hills received three fractured ribs and a broken collar bone. He was taken to a St. Cloud hospital for treatment. The boys received medical attention at Royalton.

Mrs. Hills and her son were en route to their home and the young men were traveling from Sauk Rapids to Royalton. Reports received concerning the accident are conflicting. Mr. Hills is reported as having stated that the steering wheel on his car broke causing the machine to zig-zag across the pavement, making the accident unavoidable.

Local people who viewed the wrecked cars shortly after the accident occurred state that the collision was one of the worst that has happened in this locality. Both cars were completely wrecked and the musical instruments belonging to the orchestra were badly smashed.

SERVICES FOR LATE CHAS. E. PEABODY

Elks Lodge of Brainerd Had Charge of Funeral Services at Home and Grave on Wednesday

EXALTED RULER PRESIDED

Elks Trio Rendered Beautiful Selections, Adding to the Elks Ritual Exemplified

Elks Lodge No. 615 of Brainerd presented the Elks ritual service when its faithful brother, Charles E. Peabody, was consigned to his last resting place. At the home the services were held at 3 o'clock in the afternoon. The Elks marched in a body from the hall to the residence, headed by officers and the pallbearers, Mayor Con O'Brien, Fred Allison, C. D. Johnson, Claus Theorin, R. J. Hartley and James Cullen.

The Elks trio, S. F. Alderman, Rowland Jenkins and A. C. Mraz, sang "Lead Kindly Light" and other sweet songs in a most impressive manner. The piano accompaniment was played by Mrs. Walter F. Wieland.

There were many friends present from out of town and the countryside and city, attesting to the wide acquaintance of the deceased. At the grave the final lodge ceremonies were carried out with a rare fidelity to the requirements of the ritual.

FLOWER EXHIBIT

AUGUST 21, 22

Planned by the Recently Organized Flower and Garden Society of City and County

MANY PRIZES OFFERED

List Includes Valuable Roots, Bulbs, Perennials, Seeds, Magazine Subscriptions

The recently organized Flower and Garden society of Brainerd and Crow Wing county is planning an exhibit of dahlias and gladiolus, and all choice garden flowers, to be held Thursday and Friday, August 21 and 22.

The members of this organization are anxious that all flower lovers through the county come and bring with them any flowers they may have for exhibition. A very attractive list of prizes has been offered by nursery men and flower growers throughout the state. This list includes valuable roots, bulbs, perennials, seeds, and magazine subscriptions. You are urged to save your flowers, coax the backward blossoms, and have them all ready for the exhibit next week.

Watch the papers for later announcements.

UNITED STATES POLOISTS SHOULD WIN

By FRANK GETTY
(United Press Staff Correspondent)

New York, Aug. 14.—America's polo four, which will defend the international challenge trophy at Meadowbrook, L. I., next month, rules favorite in the early betting over the invaders from the British Isles.

Man for man, and pony for pony, our team looks to be sufficiently stronger to warrant optimism that the cup which started on a series of transatlantic voyages in 1886, will rest a little longer on these shores.

While the American internationalists may not be the strongest aggregation this country ever has put in the field, they do not fall far short of human perfection in team play, aggressive hitting and riding.

The team, as it probably will take the field, is:

No. 1—Eric Pedley, California
No. 2—Thomas Hitchcock, Jr.
No. 3—J. Watson Webb
Back—Devereu Milburn

Three of these poloists—Hitchcock, Webb and Milburn—are veterans of many an international chucker; Pedley is a comparative newcomer, yet we find him at the difficult No. 1 position—a fixture, looked upon to lead the attack, together with the hard-hitting Hitchcock.

Tommy is perhaps the greatest polo player in the world today. As No. 3, Webb earned his place after a struggle. Milburn has no peers as a back.

The British team is strong; the American one stronger; the polo—in which there seems to be a slight increase of popular interest—should be fast and worthwhile. The Prince of Wales is on his way to watch, and there are practically no tickets to be had.

Polo has become a democratic sport in England since the war. Before, only those who were members of the club could watch. Now, anyone, with the price of a ticket, may look on. They call this "playing the gates," something the British poloists would never have thought of doing before the war and prohibition—which showed that some of our best, if not wealthiest, citizens made rattling good polo players, and some of our best polo players unexpectedly turned out to be bootleggers.

FOURTH VICTORYDEFEAT SERVICE MOTOR CO. IN
A SLUGFEST LAST
NIGHTMOTOR COMPANY HANDICAPPED
BY ABSENCE OF REG-
ULAR LINEUP

The Select Sluggers kept their slate clean by winning their fourth straight game since their starting the season. Several of the Service Motor Co. players failed to put in an appearance, so the game resulted largely in a game of scrub. Both sides hit the ball freely, although the Sluggers held their opponents down for the first five innings. W. Anderson of the Sluggers made two home runs, and was caught near home plate in trying to stretch another hit into a home run.

Tonight the Select Sluggers play the N. P. Scrap Dock team at the Main street grounds.

A return game is expected on Wednesday morning of next week.

"Athletic Heart"

Boston, Aug. 14.—The common idea that severe athletic training produces an enlarged heart—"athletic heart"—has been shattered by the report of X-ray studies made on American and Canadian youths who took part in the 25-mile American marathon. The size of their hearts was found to be normal and their lung capacity likewise. The experiments were made by the staff of the Peter Bent Brigham hospital here.

EFFORTS TO MATCH
VILLA AND GENARO

Michigan City, Ind., Aug. 14.—Efforts are being made to match Pancho Villa, world's flyweight champion, and Frankie Genaro, American title holder, for the main bout of a boxing show in Floyd Fitzsimmons' arena here Labor day.

Bush, Blake and Wheeler, Recruit Pitchers To
Whom Cubs Look for Help in Fight for Pennant

At the left is Guy "Joe" Bush who must not be confused with Leslie "Joe" Bush who twirls for the Yankees. One of the Cubs' scouts was watching the Greenville, Miss., club of the Cotton States League play when Bush attracted his attention. He has made an excellent showing so far. At the right is Floyd "Tip" Wheeler, who went to Chicago last fall from the Lone Star State League. He is a relief pitcher and is considered one of the best of the new crop of slabs. Fred Blake, who went to Chicago last year from the Seattle club of the Pacific Coast League, is shown in the insert. He is expected to win a place among the topnotchers.

\$10,000,000 TO BE
WAGERED ON RESULT
OF FALL ELECTION

New York, Aug. 14.—Election betting in New York has grown to such magnitude that it now ranks with other high powered transactions along the Wall street money front.

It is estimated this year that between \$5,000,000 and \$10,000,000 will be wagered on the various candidates and already close to the minimum figure has trickled through the hands of commissioners. This amount is nothing really in excess of other years.

In 1920 there was a trifle over \$5,000,000 wagered on the prospects of Warren G. Harding and James M. Cox. In 1916 a trifle over \$10,000,000 was wagered in the fight between Woodrow Wilson and Charles Evans Hughes, the commissioners say.

Wagering is rather held in check now until Pres. Coolidge makes his speech of acceptance tonight. Money on John W. Davis picked up after he accepted the party call Monday and odds lowered a little.

The odds today as quoted by J. S. Fried & Co., betting commissioners: Plenty of money on Pres. Coolidge at 3 to 1. Davis 1 to 4. Robert M. La Follette, very little offered and that at odds of about 1 to 12.

Tommy is perhaps the greatest polo player in the world today. As No. 3, Webb earned his place after a struggle. Milburn has no peers as a back.

The British team is strong; the American one stronger; the polo—in which there seems to be a slight increase of popular interest—should be fast and worthwhile. The Prince of Wales is on his way to watch, and there are practically no tickets to be had.

Polo has become a democratic sport in England since the war. Before, only those who were members of the club could watch. Now, anyone, with the price of a ticket, may look on. They call this "playing the gates," something the British poloists would never have thought of doing before the war and prohibition—which showed that some of our best, if not wealthiest, citizens made rattling good polo players, and some of our best polo players unexpectedly turned out to be bootleggers.

A return game is expected on Wednesday morning of next week.

"Athletic Heart"

Boston, Aug. 14.—The common idea that severe athletic training produces an enlarged heart—"athletic heart"—has been shattered by the report of X-ray studies made on American and Canadian youths who took part in the 25-mile American marathon. The size of their hearts was found to be normal and their lung capacity likewise. The experiments were made by the staff of the Peter Brent Brigham hospital here.

EFFORTS TO MATCH
VILLA AND GENARO

Michigan City, Ind., Aug. 14.—Efforts are being made to match Pancho Villa, world's flyweight champion, and Frankie Genaro, American title holder, for the main bout of a boxing show in Floyd Fitzsimmons' arena here Saturday.

SELECT SLUGGERS
HAMMER WAY TO
FOURTH VICTORYDEFEAT SERVICE MOTOR CO. IN
A SLUGFEST LAST
NIGHTMOTOR COMPANY HANDICAPPED
BY ABSENCE OF REG-
ULAR LINEUP

The Select Sluggers kept their slate clean by winning their fourth straight game since their starting the season. Several of the Service Motor Co. players failed to put in an appearance, so the game resulted largely in a game of scrub. Both sides hit the ball freely, although the Sluggers held their opponents down for the first five innings. W. Anderson of the Sluggers made two home runs, and was caught near home plate in trying to stretch another hit into a home run.

Tonight the Select Sluggers play the N. P. Scrap Dock team at the Main street grounds.

Jack Dunn made another move in his work of reorganizing his Orioles when he traded Clarence Pitt, right fielder, to Reading in exchange for outfielder Tommy Connolly.

WALTER JOHNSON, VETERAN PITCHER BUT STILL A STAR,
SHOWS YOUNG JOHNSONS HOW IT'S DONE

The longer Walter Johnson pitches for the Senators the better the Washington fans like him. Walter has a family of four, three sons and a wee daughter, and he believes in training 'em while they are young. The photograph shows Johnson giving his offspring a lesson in how to fool the batter. We see Walter, Jr., Eddie, Bob and little Caroline listening to daddy telling them all about fast ones, curves and change of pace.

Bush, Blake and Wheeler, Recruit Pitchers To
Whom Cubs Look for Help in Fight for Pennant

At the left is Guy "Joe" Bush who must not be confused with the "Joe" Bush who twirls for the Yankees. One of the Cubs' scouts was watching the Greenville, Miss., club of the Cotton States League play when Bush attracted his attention. He has made an excellent showing so far. At the right is Floyd "Rip" Wheeler, who went to Chicago last fall from the Lone Star State League. He is a relief pitcher and is considered one of the best of the new crop of slabsmen. Fred Blake, who went to Chicago last year from the Seattle club of the Pacific Coast League, is shown in the insert. He is expected to win a place among the topnotchers.

\$10,000,000 TO BE
WAGERED ON RESULT
OF FALL ELECTION

New York, Aug. 14.—Election betting in New York has grown to such magnitude that it now ranks with other high powered transactions along the Wall street money front.

It is estimated this year that between \$5,000,000 and \$10,000,000 will be wagered on the various candidates and already close to the minimum figure has trickled through the hands of commissioners. This amount is nothing really in excess of other years.

In 1920 there was a trifle over \$5,000,000 wagered on the prospects of Warren G. Harding and James M. Cox. In 1916 a trifle over \$10,000,000 was wagered in the fight between Woodrow Wilson and Charles Evans

Hughes, the commissioners say. Wagering is rather held in check now until Pres. Coolidge makes his speech of acceptance tonight. Money on John W. Davis picked up after he accepted the party call Monday and odds lowered a little.

The odds today as quoted by J. S. Fried & Co., betting commissioners: Plenty of money on Pres. Coolidge at 3 to 1. Davis 1 to 4. Robert M. La Follette, very little offered and that at odds of about 1 to 12.
